### Company Information

Graz - June 29, 2020. International technology group ANDRITZ received an order from the Indian utility company CHENAB VALLEY POWER PROJECTS (P) LTD. to supply the complete electro-mechanical equipment for the Kiru run-of-river hydropower plant (624 MW) located on the Chenab River in Kishtwar district, Jammu and Kashmir, India. The contract has an order value of more than 50 million euros.

The order comprises the supply, design, manufacturing, erection, testing and commissioning of four units (turbines and generators), auxiliary electrical and mechanical equipment as well as 400 kV GIS and 400 kV outdoor pothead yard equipment. The contract will be executed by ANDRITZ's Indian subsidiary with state-of-the-art manufacturing facilities in Mandideep (near Bhopal) and Prithla (near Faridabad).

The Kiru hydropower plant addresses the energy deficiency in the northern part of India. It will bring clean renewable energy to the rural area and also enable industrial development in the region.

By securing this prestigious contract, ANDRITZ has yet again confirmed its position as a leading player in the hydropower market in India.
